7.2.1 Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

Best Practice-1

1) Student and Employee Health Security Insurance:

Context: The College is committed for the well being, health & safety of every student and introduced Medi-claim security scheme.

Objectives:-

- i) Provide protection and safety as accidental group insurance scheme.
- ii) Encourage students to be aware about health as student being the asset of the country.
- iii) Provide economical support to the parents after the mishap and secure future of the dependents or nominee by proving the sum assured
- iv) To make the health insurance more inclusive among students.

Practice:-

The College plays a pivotal role in providing education to senior college students. Hence, the college takes special interest to look into the overall development of students. Therefore, the college has initiated Health Insurance Scheme in consensus with the management and administrative authority.

Student's Health Security Insurance Scheme: Rs.165/- is one year premium and he/she becomes the beneficiary of the scheme. Coverage of 50,000/- is provided in case of hospitalization for expenditure. In case of death due to accident, parents will get amount of Rs. 2 00 000/-. In case of accidental death of father, the student will be entitled for a sum

of Rs. 2 00 000/- and in case of accidental death of mother, the student will be entitled for Rs. 1 00 000/- .

Problems Encountered and Resources required: • Initially the students and parents were not willing for the scheme. After motivation and proper awareness sessions, all the students have joined the scheme.

Evidence of Success : A total of 1063 students have been covered under Health Security Insurance Scheme for one year. However, 1054 students continue to be beneficiaries of the scheme. The total Amount Rs. 1,25,565/- has been collected through the medical Health Insurance Scheme in the college funds.

Best Practice-2

2) Financial Assistance to meritorious and indigent students

Context: The majority of our students come from economically disadvantaged background. Personal interaction with student and examination of dropout statistics have showed that familial intervention and financial limitation prohibit and lead to increased rate of dropouts and enable them to seek higher education .As a result it was decided to provide financial assistance in the form of scholarship.

Objectives:

- To motivate the students coming from rural areas with low economic background.
- To save them from discontinuation of their studies owing to poverty.
- To support financially all the deserving poor students without any discrimination of caste and creed.
- To encourage the students to complete their degrees with good marks and to be socially independent.

Practice: The administration is committed to inclusive education and works hard to acquire funds from philanthropist in order to run this programme successfully. A duly constituted committee of teachers of the college with the help of the students finds out the needy and deserving students for the financial assistance. Committee finalizes the

list of eligible students for the aid after due verification of the documentary evidence and strictly follow the guidelines framed for the given purpose.

Following practices have been launched:-

Rashtravadi Foundation Scholarship to postgraduate Students: -

The cheques are distributed by Rashtravadi Foundation for 3 students of M.Com 2nd year.

IDFC First Bharat (CSR) Bank, Niphad has distributed the cheques of 4 total students of the FY, SY and TYB.Com students.

Problems Encountered and Resources required:

Most of the students are the sole breadwinners of the family. So it is impossible for them to attend college regularly as the family depends on them. The teachers, after counseling the learners, understood that they need financial aid to continue their education so the college approached various philanthropists to sponsor the needy students.

Many students are not able to provide the income proof to avail the benefit of economic backward class scholarship so the needy students cannot avail scholarship.

Resources Availed:

Scholarships sponsored by Rashtravadi Foundation Scholarship and IDFC First Bharat (CSR) Bank.

Evidence of success:-

7 students from Commerce department availed the scholarship and other financial aid facility per year .The total amount sums upto Rs.32,000 /- .The majority of the students who have completed their courses are now well - positioned in life, with a higher standard of living.
